because it's fashioned of soft, high-bulk Orlon® acrylic that can't stretch, shrink or sag. To make sure the fit is as good as the fabric, this two-piece ensemble is rib-knit on special machines to assure precise dress sizes. Sears also added these features to the skirt: one-piece tubular construction for smoothest fit; non-ravel hem for easy adjustment; covered elastic waistband for the "right give". Here are the ingredients of quality that
make these **Oakbrook Surcoats**
values that are remarkable even for Sears

Your choice \$ **20.00** Reg. sizes

- 1 Brawny, hefty fabrics specially sponged and shrinkage controlled to give lasting fit and handsome appearance.
- 2 Lustrous Skinner Satin (100% rayon) body lining quilted to warm, heavy 8-oz. batting of 85% acrylic, 15% other fibers. For extra comfort, a 4-oz. quilting in the sleeves provides complete freedom of action, won't bunch up at elbows when you bend your arm.
- 3 Seams and hems are taped and bound; sleeves are set-in and sewn by a machine specially designed to insure perfect placement of shoulderline.
- 4 Collar, cuffs and pocket trim of beautiful black bulky-knit which provides outstanding stretch-retention through years of wear. The knit fabric, 75% cotton, 25% nylon, gives non-irritating comfort without sacrifice of strength.

Luxury in Nightwear is a cotton broadcloth called SuPima®

Specifically designed for the man who demands the finest. Here is the exceptional long wear, incredible softness, sharp crisp colors and solid comfort he wants in nightwear. The secret lies in the amazing SuPima cotton broadcloth—it's stronger, more lustrous and feels more like silk than any of the cottons that are used in ordinary pajamas. The reason is simple—the longer the fiber, the finer the fabric and SuPima is world-famous for its extra-long staple fibers.

Pajama design created in our own lab for perfect fit, maximum comfort. All cut longer than ordinary pajamas for lounging comfort, too. NOBELT® waistband of live rubber, covered with soft knit fabric breathes with you, never binds. GRIPPER® snap fastener adjustable waist, fly closings. 2 large waist pockets. Oversized buttons. Big self hanger. Single-needle detailing on coat and pants cuffs. Button coat. Washfast. Sanforized . . . maximum fabric shrinkage 1%.

Shoulder yoke is curved just as shoulder blades are curved. This takes extra fabric to make, but it pays off in shoulder freedom, comfort, neat looks—there are never any pleats or gathers across shirt back.

Our "Ultra Run-Resistant" Seamless Nylons

Sheer Mesh . . should not run, even
in the sheer area, under normal
wearing conditions

\$1.19
pair

Made under the original European patent with a special mesh construction that "locks" each stitch to prevent runs and snags. Both the heel and toe are reinforced for extra wear in the foot. Our laboratory tests prove Sears "Ultra Run-Resistant" nylons far surpass other run-resistant stockings tested in wear and fit.

These beautiful sheer seamless nylons still have the same soft finish as more fragile nylons. Order now to wear with your dressiest holiday fashions . . order several pairs as gifts.
